EXECUTIVE SUMMARY:

Motivated third-year B.Tech student in Artificial Intelligence & Data Science with interest in software development, web technologies, and emerging innovations. Participated in internships, hackathons, and academic projects that developed teamwork and technical exposure. Possess foundational skills in Java, HTML, CSS, JavaScript, Python, and SQL. Eager to learn continuously, improve professionally, and contribute with dedication

SKILLS:

- **Programming:** Python, Java, JavaScript, SQL, CSS, HTML, FastAPI.
- **Tools :** VSCode, N8N ,Github.
- **Soft Skills:** Adaptability & Continuous Learning, Team Collaboration.

EXPERIENCE:

Sep 2025 – Oct 2025
Full Stack Development | Remote

Full Stack Web Development Intern – Code Craft

- Completed internship with exposure to web development fundamentals using HTML, CSS, and JavaScript. Learned basic front-end workflow and improved practical coding skills through tasks and assignments

Jan 2026 – Feb 2026
Blockchain | Remote

Blockchain Int ern – Codtech IT Solutions

- Completed internship with exposure to blockchain fundamentals, smart contract concepts, and basic industry applications. Improved understanding of emerging technologies through learning-based tasks.

Dec 2025
Smart India Hackathon (SIH) 2025

Grand Finale Finalis t | Backend & Automation Team Member

- Built an AI-driven healthcare chatbot, handling backend via n8n with event workflows, API integration, and LLM orchestration; reached national Grand Finale at Sri Sri University.

PROJECTS:

HEALTHMATE - A WhatsApp ChatBot

- Built an AI-powered WhatsApp healthcare assistant using n8n, APIs, and LLMs for symptom guidance, alerts, caregiver notifications, and automated workflows.

Crowd Risk Detection System

- Developed an academic project using Python functions and Matplotlib to analyze crowd density and visualize high-risk zones. Designed the system to support crowd monitoring and safer zone management through graphical insights

EDUCATION:

B.Tech – Artificial Intelligence & Data Science

- CGPA: 8.5|Dhanalakshmi SrinivasanEngineering College (Autonomous), Perambalur

HSC – 100% (All Pass) | SSLC – 89%

- Model SchoolSuper-30 , Udumbiyam

CERTIFICATION / ACHIVEMENTS:

- Smart India Hackathon (SIH) 2025 – Grand Finale Finalist | Ministry of Education,
- Responsive Web Design – freeCodeCamp
- Full Stack Web Development Internship Certificate – Code Craft
- Blockchain Internship Certificate – Codtech IT Solutions
